## Linear Baffles

The use of acoustic Baffles can increase interest in an otherwise unattractive area. With a wide range of ceiling baffle shapes and sizes, you can create a statement. The Hush Baffles break up the sound, reducing the echoes and taking care of any unwanted noise.

# Matrix Baffles

Why not double the baffles? A suspension grid is created by joining two sets of baffles to create our Matrix Baffles. With so many possibilities and options, these Matrix Baffles can bring any space together and minimize ceiling echoes.

## Fins

In an open space, a bare ceiling will reflect sound back into the room, creating a loud and unpleasant acoustic environment. The independently mounted Hush Fin baffles break up the sound, reducing the echoes and taking care of any unwanted noise.
