Colour of the Year

2024 INSPIRATIONAL PRODUCT GUIDE

Inspired by the “Peach Fuzz” colour of the Year, Hush Acoustics bring a collection of products to inspire you on your next acoustic creation!

A light, delicate shade that sits between pink and orange, warm and inviting color. The color also reflects our craving for the past, delight in the now, and hope for life ahead.

Hush Acoustics stays current with the latest trends in colors, textures, and overall decoration. Our ability to adapt to the requirements of interior designers and architects is reflected in our use of the most contemporary colors in crafting innovative acoustic solutions.

Hush Luxe Colours are our pioneering collection of meticulously crafted surface shades.

It's about the alchemy that happens when the Haze or Polar core is paired with the colour of your choice. Check out the selected tones that beautifully matches the "Colour of the Year":
