ACOUSTIC COLLECTION

Clouds

No matter what type of ceiling you have, an acoustic Cloud conceals any troublesome fixtures and attachments while adding a visually pleasing element. Because Hush Clouds come in a variety of shapes, sizes, and colors, infinite design possibilities exist.

Linear Baffles

The use of acoustic Baffles can increase interest in an otherwise unattractive area. With a wide range of ceiling baffle shapes and sizes, you can create a statement. The Hush Baffles break up the sound, reducing the echoes and taking care of any unwanted noise.

Fins · College in Brantford, ON

Fin

In an open space, a bare ceiling will reflect sound back into the room, creating a loud and unpleasant acoustic environment. The independently mounted Hush Fin baffles break up the sound, reducing the echoes and taking care of any unwanted noise.

Beams

Hush Beams can cover a massive surface area, absorbing unwanted reverberations. From muted hallways to bold, formal offices, we have beams in various lengths, colors, and patterns to fit any design.
